

Daywind recording artist, the Booth Brothers, with the help of award winning producer, Barry Weeks, have created an incredible, landmark album, entitled Room For More. This is the debut Daywind release from this seasoned and tremendously talented group, and it proves that, although every Booth Brothers album is stellar and packed with heart, talent, and great music, there is always Room For More. The group celebrated its nationwide release, as well as its now #1 single, "Welcome To The Family," with the Solid Gospel radio network this past week.

"It is rare when a CD is released at the same time its first single hits #1 on the charts," shared Ed Leonard, president at Daywind. "It's something we appreciate greatly when it happens. We are so thankful to radio and their listeners, and so proud of the Booth Brothers for creating such an incredible recording."

The song "Welcome To The Family" is just one of many mega hits to be gleaned from this powerful recording. In addition to that #1 feel good tune, there are honest, heartfelt songs like "The Stuff Of Life," "Standing Tall," and "Freedom." Also included are songs that cause listeners to stop and count their blessings, like "What Salvation's Done For Me" and "Peace." Then there are the up-tempo tunes this energetic group delivers so well, like "The Half" and "Faithful One." The Booth Brothers are known for close harmony and smooth music and this is showcased throughout the recording. It is especially evident on songs like "When He Saved Me" and "Love And Grace." Room For More is available nationwide at local Christian retailers, Family Christian Stores, Lifeway, and Berean, and at digital outlets, like iTunes.
