Artist: Messiah's Messengers

Project Title: 35 Years Of God's Boundless Love

Label: Independent

Producer: The Messiah's Messengers

Reviewed By: Scott Evans

Purchase this project at:

Messiah's Messengers is a group that is not far from our offices here in Lancaster, PA. They are celebrating their 35th year of singing and this project has some great songs on it. Most of the songs you will recognize and you will enjoy them and be blessed by them.

There is an obvious Cathedrals influence on this group and "Boundless Love" is one of my favorite songs fro that group. This version is good too! "Nail It To The Cross" is a great Marcia Henry song that is next on the project. "It's Not What's Over The Door" is a great song that reminds us that your personal relationship with Christ is what counts, not what church you go to. "I Thirst" is a song written by Bev Lowry with a great message.

"I Don't Want To Live No More" is a song that I have not heard in years. I love that song and I enjoyed this version by Messiah's Messengers. "Gentle Shepherd" is a great Gaither classic that I love. "I Stand Redeemed" is the next song on the project and it's followed by a popular song from the 1990's, "I Wish It Would Rain." "There Is A Remedy" is a song by the McRaes and it is a great one!

The next song on the project is "Gonna Ride That Glory Cloud" and it is an awesome song. I love the fast paced songs and this is one of the best. I love the old hymns of the church and one of my favorites is "In The Garden." I love the version of this hymn by Messiah's Messengers. "That's What Grace Is For" is a wonderful song and the final song on the project is the great song, "When I Get Carried Away."

Messiah's Messengers -- 35 Years Of God's Boundless Love

Messiah's Messengers is a group that has great consistency. They have been around for 35 years ministering the Gospel in song. This project is a great celebration of this group and has a lot of great music to celebrate with! It was recorded at Harvest Field Studio with Tim James and the quality is excellent. My favorite songs from the project are "Boundless Love," "In The Garden" and "That's What Grace Is For." It's a great celebration, here is wishing them another 35 great years!
