Gary and MarJean Miller, also known as Promise, have been friends of mine for several years now. They are awesome people that have a great ministry here in Pennsylvania. They recently released a new project and it has fourteen songs on it that you will enjoy!

"I'd Like To Say It Again" is a familiar song and Promise has a great version. "Walk A Little Further" is an upbeat song that you will enjoy. The next song is a great song that is titled "Lord Send Your Angels." The song was written by Suzanne Jennings and Bill Gaither and is a simple plea to the Lord for Him to send His Angels to watch over us. "Remind Me Dear Lord" is an old Dottie Rambo and probably goes back at least 30 years. The song is great reminder of what God has done for us. "If You Had Known Me" is a song that I was not familiar with but the song has a beautiful message that will bless you.

A Ronnie Hinson song is next and "Fountain Of Youth" reminds us of the only fountain of youth and how great Heaven will be! "Holy" is the next song and it is a very good song from Promise. "What Sin" is the title of the next song and what an awesome message as it reminds us that God no longer remembers our sins once we confess them! "She Loved" is a great song celebrating family and the importance of loving one another.

Another Ronnie Hinson song is next and it's a classic. "The Lighthouse" has long since been a favorite of mine and I always enjoy hearing a good version of it like Promise has here. "I'll Talk To My Father" is an old Nelons song and it reminds us to pray for each other. The next song is a great upbeat song titled "Attitude Of Praise." It helps us to keep that attitude going all of the time! "With You" is a beautiful

song that you will enjoy. The final song on the project is another familiar one. The song is "Old Friends" and I am sure that everyone listening will enjoy celebrating old friends as they listen to the song.

This project is a good one from Gary and MarJean. The project has fourteen great songs and all of the songs will bless you. My favorite songs from the project are "Remind Me Dear Lord," "I'll Talk To The Father" and "Attitude Of Praise." The entire project is very enjoyable and I encourage you to check it out.
