A little over a month ago I was emceeing a revival and I met a woman and her husband that were just incredibly nice people. The woman was singing and preaching at the event and the friendship was instant. Wanda Osborne was her name and her latest project is titled "Just Keep Walking." The project is simply outstanding and it has then wonderful songs on it, nine of which were written by Wanda.

The title song is the first one on the project and "Just Keep Walking" is a great song of encouragement. This song reminds us, as Christians, to just keep walking because we are going Home. What a great reminder and a great message. "Singing The Same Song" is the next song on the project and Wanda has crafted a song that asks a very good question and that is why can't all of God's Children just get along because after all, we are all singing the same song. The next song on this project is titled "If You Have It Today" and this song is a great reminder of the power that we have through Christ!

"Blessed To Be A Soldier" is a beautiful song that reminds the listener that we are all blessed to be a Soldier of the Cross in our daily walk with the Lord. The next track on the CD is titled "I'm A Winner Either Way." The message of this song is all about how God can make us a winner no matter what we have been through or going to go through. It is a great song with a great message. "Born In Bethlehem" sounds like a Christmas song and, while I guess this song could be a Christmas song, it is also a great song any time of the year. It talks of how the Christ Child was born to make us who we are when He died on the Cross for our sins! What an awesome thought and truth! "Thank You For Loving Me" is a slow ballad that Wanda sings beautifully. I

love the chorus as it is a prayer of thankfulness set to music.

Next on the project we find "I Know How I Made It." The message of this song is awesome in that reminds us that we made it through our last trial and we remember how. The best part of that is that remembering that, reminds us that He will bring us through the current trial too! The only song that Wanda did not write on this project is a classic written by Rusty Goodman. Titled "Look For Me," Wanda delivers a heartfelt performance on this classic song that means so much to any of us who have lost a loved one. The final song on this project is titled "I Believe." This song lists many things that we as Christians believe because it is in the Bible. It also states our faith in Christ and this song is a wonderful ending to this incredible project.

Wanda Osborne is a great communicator of the Gospel. Whether she is preaching or singing she delivers a heartfelt message that touches many people. This project has amazing, heartfelt songs and you can tell that Wanda sings them from the heart. My favorite songs from this project are "Just Keep Walking," "I'm A Winner Today" and "I Believe." The entire project is great and will bless you many times over. The project has good production and good presentations of the songs. It will encourage you to "Just Keep Walking" and you can enjoy the music along the way!
